

**Orai will coach you to reduce your filler words, speak clearly, and at a good pace.**

### Instant Speech Feedback Using Artificial Intelligence

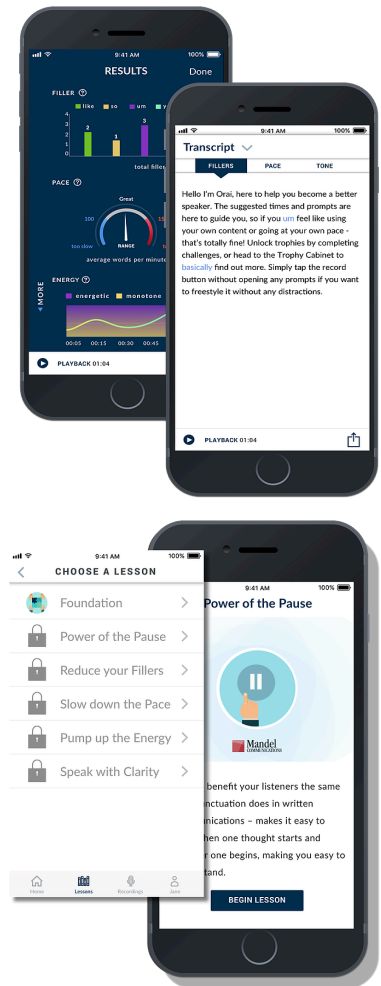

Anyone can practice out loud, with a friend or in front of a mirror. But only **Orai** picks up on filler words like um, tells you if you are speaking too fast or...too...slow... and provides you with a transcript of what you just said - which highlights your varying energy, enunciation... or lack thereof.

### Guided Lessons on Public Speaking

Just like playing the piano or running a marathon, you've got to keep practicing in order to master public speaking. With the help of TED speakers and world-renowned **Mandel Communications** speech coaches, we've come up with a way to master public speaking with bite-sized practice exercises. Whether coupled with **Mandel** training or used as a standalone tool, these lessons result have an immediate impact.

### Communication Coach in Your Pocket

No matter where a person lives in the world, **Orai** automatically adjusts to evaluate their unique English delivery through our multi-accent support. This tool is proving very valuable for global audiences who need to communicate effectively within global teams.

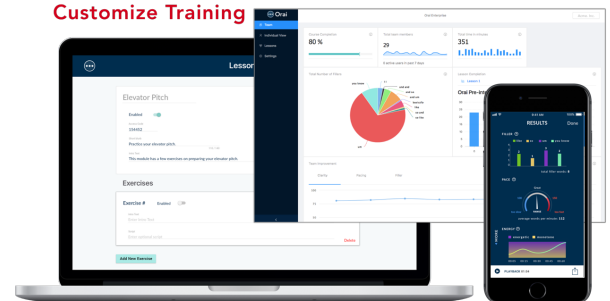

## Orai Enterprise provides a unique and robust coaching environment just for your team

### Custom Content to Drive Relevant Learning

Whether your organization is launching a new product, managing a merger, introducing new messaging into the marketplace, or promoting a new sales pitch, your employees can have access to all the company specific information on their smartphone and start learning the content and practice the communication that surrounds those strategic activities WITH feedback. This kind of access to information in your employee's hands leads to quicker adoption, streamlined communication inside and outside the organization, faster decision making and more precise execution.
